致力于为全球客户提供专业的连接器及线束解决方案
Dedicated To Providing Professional Connector And Wire
Harness Solutions For Global Customers

东莞市国亚电子有限公司
DONGGUAN GYA ELECTRONICS CO., LTD.

公司简介 Company Profile

东莞市国亚电子有限公司，成立于2014年，是广东省专精特新企业、国家高新技术企业。我们专注于线对板、线对线、板对板等类型的连接器插件线束的研发制造，产品广泛应用于：汽车(车规连接器/线束)、新能源(动力电池/充电桩)、储能系统、航空航天、医疗设备、智能家居、通讯网络、工业自动化、人工智能等领域。

工厂位于东莞·虎门，占地面积4500m²。迄今，持有发明专利12项、实用新型专利33余项。有完善的管理体系、研发团队、品质团队及实验室，具备产品设计、模具开发、自动化设备、视觉检测等工艺链闭环的制造和验证能力。

我们已全面通过ISO9001、ISO14001、ISO45001、ISO13485、IATF16949等体系，产品符合UL安规、ROHS、REACH、HF、加州65、POPS、TSCA等环保要求。

我们不断寻求工艺技术上的创新和突破，以亲民的价格、本土化优质亲情服务，整合上下游供应链，透过国际视野，拓展海内外市场，致力于成为全球插件领域的主力，并为推动行业发展、助力成就客户、回馈社会贡献更多的力量。

Dongguan Guoya Electronics Co., Ltd. established in 2014, is a specialized, refined, innovative enterprise in Guangdong Province and a national high-tech enterprise. We specialize in the research and manufacturing of connectors, connectors, wiring harnesses, and cables for wire to board, wire to wire, and board to board applications. Our products are widely used in various fields such as automobiles (automotive connectors/wiring harnesses), new energy (power batteries/charging stations), energy storage systems, aerospace, medical equipment, smart homes, communication networks, industrial automation, and artificial intelligence manufacturing.

The factory is located in Humen, Dongguan, covering an area of 4500m². So far, we hold 12 invention patents and over 33 utility model patents. We have a comprehensive management system, R&D team, quality team, and laboratory, with the ability to manufacture and verify closed-loop processes such as product design, mold development, automation equipment, and visual inspection.

We constantly seek innovation and breakthroughs in process technology, with affordable prices and localized high-quality family services, integrating upstream and downstream supply chains, expanding domestic and overseas markets through an international perspective, committed to becoming the main force in the global connector field, and contributing more to promoting industry development, helping customers achieve success, and giving back to society.

注塑冲压车间

Injection Molding & Stamping Workshop

选择我们的注塑冲压车间，选择的是毫厘不差的精密，是高效稳定的产能，更是一份经得起时间考验的品质承诺。我们用注塑工艺赋予产品形态的万千可能，用冲压技术淬炼金属内在的坚韧品质，更用双工艺的协同创新，为汽车、新能源、医疗、人工智能等多领域提供从设计到量产的一站式解决方案。

Choosing our injection molding and stamping workshop is about precision, high efficiency and stable production capacity, and a quality commitment that can withstand the test of time. We use injection molding technology to give products countless possibilities in form, use stamping technology to temper the inherent toughness of metals, and use dual process collaborative innovation to provide one-stop solutions from design to mass production for multiple fields such as automobiles, new energy, healthcare, and artificial intelligence.
